### **Sales Tax Analysis**

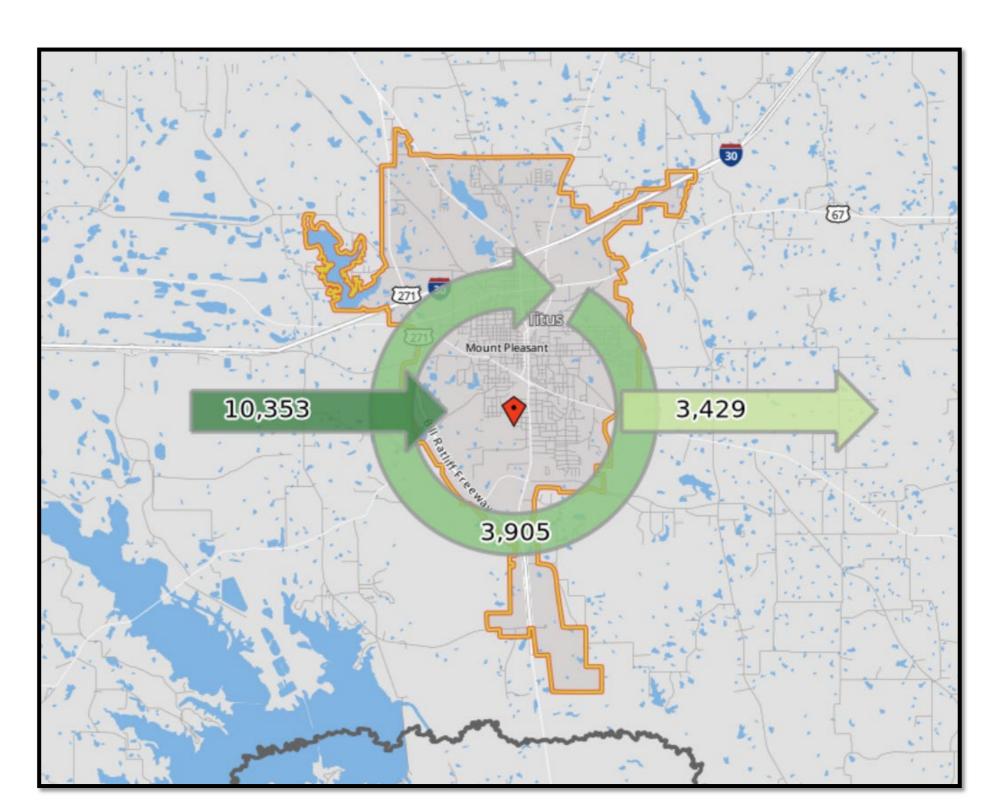

# Daily Workforce Inflow & Outflow for Mount Pleasant.

### What it means:

The latest (2020, <u>NOT</u> 2023 data) available Census data indicate there were 14,258 employment opportunities in Mount Pleasant which were filled by only 3,905 workers who actually resided in Mount Pleasant. The majority (ie. 10,353 workers) commuted from outside city limits to employment opportunities within Mount Pleasant.

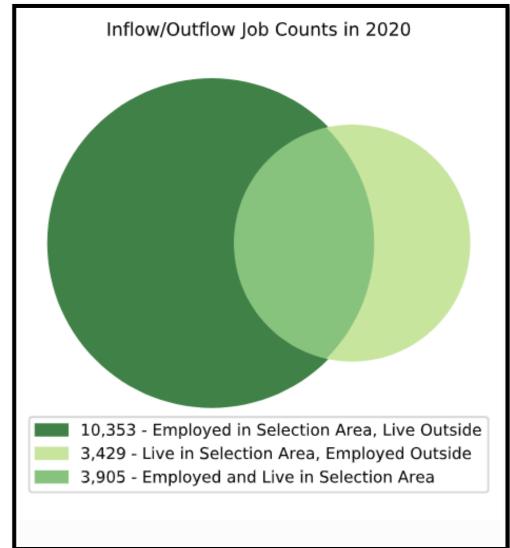

This phenomenon highlights the <u>predictable</u>, <u>deep-rooted</u> <u>commuter ethic in the region</u>. Workers will commute for gainful employment in order to live where they desire within the region's myriad offerings (e.g. lakes, forest, hyper-rural towns, and/or country-living).

This phenomenon, along with primary research, is MPEDC's substantiation for its 60-minute drivetime workforce of almost 500,000.

### \*Mount Pleasant-specific Data

Interpretation: MPEDC believes hundreds of workers in Mount Pleasant are forced to find housing outside of the city and county due to a lack of housing. This was true in 2019 and has been exacerbated by 2021 with large expansions occurring with major employers and new retailers opening operations since 2019 (e.g. Atwoods, Papa Johns, Long John Silvers, Williams Chicken, Starbucks, ALDI, and Wingstop)
